BODY FLUID SPILL KIT (TWO APPLICATIONS)

Our range of Body Fluid Spill kits and Sharps handling kits are designed to enable any worker to deal with the problems of body fluids such as blood and vomit and the problem of discarded needles and syringes. These kits are easy to use and address all the issues that are caused by cross contamination and infections caused by Bio Hazards.

The HSE guidance on 'Blood - borne viruses in the workplace' (leaflet INDG342) and there is a provision under COSHH that employers have a legal duty to assess the risk of cross infection for employees and others affected by your work.

Carrying a Click Medical spill or sharps handling kit, will help meet these requirements and increase the confidence of employees, knowing that you as the employer are dealing with the risk attached to biohazards and their control.

BODY FLUID SPILL KIT, 2 APPLICATIONS

Supplied in small carrying case, this kit contains:

- 2 x CM0615 Single Application Body Fluid Spill Kit consisting of:
- 1 x CM0620 Clean Up pack
- 1 x 50ml disinfectant spray
- 1x Super absorbent powder sachet (10g)

Ideal for small businesses, offices, shops, pubs, restaurants and lone workers where occasional risk may be encountered.

1 APPLICATION SHARPS HANDLING KIT

Our range of Body Fluid Spill kits and Sharps handling kits are designed to enable any worker to deal with the problems of body fluids such as blood and vomit and the problem of discarded needles and syringes. These kits are easy to use and address all the issues that are caused by cross contamination and infections caused by Bio Hazards.

The HSE guidance on 'Blood - borne viruses in the workplace' (leaflet INDG342) and there is a provision under COSHH that employers have a legal duty to assess the risk of cross infection for employees and others affected by your work.

Carrying a Click Medical spill or sharps handling kit, will help meet these requirements and increase the confidence of employees, knowing that you as the employer are dealing with the risk attached to biohazards and their control.

Kit Contents :

- 1 x Sharps Disposal Container
- 1 x 50ml disinfectant Spray
- 1 x pair vinyl gloves(large)
- 1 x Biohazard bag
- 1 x Disinfectant wipe
- 1 x pair polypropylene forceps

BODY FLUID BULK SPILL KIT

Our range of Body Fluid Spill kits and Sharps handling kits are designed to enable any worker to deal with the problems of body fluids such as blood and vomit and the problem of discarded needles and syringes. These kits are easy to use and address all the issues that are caused by cross contamination and infections caused by Bio Hazards.

The HSE guidance on 'Blood - borne viruses in the workplace' (leaflet INDG342) and there is a provision under COSHH that employers have a legal duty to assess the risk of cross infection for employees and others affected by your work.

Carrying a Click Medical spill or sharps handling kit, will help meet these requirements and increase the confidence of employees, knowing that you as the employer are dealing with the risk attached to biohazards and their control.

Supplied in a large protective carrying case, this kit contains:

- 5 x CM 0620 Single Application Clean UP Pack
- 1 x CM0625 Trigger Disinfectant Spray
- 1 x CM0630 100gms Super Absorbent Powder

This larger kit designed for medium risk areas for body fluid spills, with extra powder and disinfectant to help with a major clean up.

BURN FREE BURNS GEL 118ML

Pain Relieving Gel - Burnfree gel is designed to be viscous enough to remain on the burn wound and not run off (like cheaper alternatives), whilst simultaneously drawing the heat out and up into the gel.

Product Code:
CM0341

LOW ADHERENT DRESSING 7.5X7.5CM BOX 25

- Low adherent, absorbent wound dressing helps draw exudates away from the wound
- The film surface of this dressing helps prevent the pad from sticking to the wound surface and minimises trauma for casualty upon removal.
- Use dressing retention sheets or microporous tape to hold the dressing in place.
- Low Adherent Absorbent Dressings are suitable for abrasions, superficial cuts and lightly exuding wounds
- Suitable for burns treatment.

Product Code:
CM0416

ADHESIVE WOUND DRESSING 8.6X6CM BOX 25

- These hypoallergenic adhesive dressings are highly absorbent. The non-adherent film prevents strike through and reduces trauma when the dressing is removed.
- Sticks to awkward places
- Very comfortable
- Large Low adherent Pad
- Hypoallergenic and breathable
- Supplied in packs of 25

Health and Safety Law

What you need to know

All workers have a right to work in places where risks to their health and safety are properly controlled. Health and safety is about stopping you getting hurt at work or ill through work. Your employer is responsible for health and safety, but you must help.

What employers must do for you	What you must do	If there's a problem
<ol style="list-style-type: none"> 1 Decide what could harm you in your job and the precautions to stop it. This is part of risk assessment. 2 In a way you can understand, explain how risks will be controlled and tell you who is responsible for this. 3 Consult and work with you and your health and safety representatives in preventing anyone from harm in the workplace. 4 Free of charge, give you the health and safety training you need to do your job. 5 Free of charge, provide you with any equipment and protective clothing you need, and ensure it is properly looked after. 	<ol style="list-style-type: none"> 6 Provide safety, washing facilities and drinking water. 7 Provide adequate first aid facilities. 8 Report injuries, diseases and dangerous incidents at work to our Incident Contact Centre: 0845 300 9923 9 Have insurance that covers you in case you get hurt at work or ill through work. Keep a hard copy or electronic copy of the current insurance certificate where you can easily find it. 10 Work with any other employers or contractors sharing the workplace or providing equipment back to agency workers, so that everyone's health and safety is protected. 	<ol style="list-style-type: none"> 1 If you are worried about health and safety in your workplace, talk to your employer, supervisor, or health and safety representative. 2 You can also look at our website for general information about health and safety at work. 3 If after talking with your employer, you are still worried, phone our helpline. We can give you in touch with the local enforcing authority for health and safety and the Employment Medical Advisory Service. You don't have to give your name.

Your health and safety representatives

Other health and safety contacts

Fire safety: You can get advice on fire safety from the Fire and Rescue Services or your workplace fire officer.
